Thanks for letting me know about the Miranda case. And I found out that I will not be needed in New Bedford until after lunch, if at all, so I should be available in the morning if you need me.

Thanks for your e mail. Don't worry about the [REDACTED] case. She provided a prescription for the Class E and Class C pills. So, we are not going forward on those counts. Thanks.

Hi Magali-

I just wanted to let you know that I received your summonses for the [REDACTED] and [REDACTED] cases scheduled for trial on 8/10/11, and that I may have a scheduling conflict as I am also scheduled to be in Springfield and New Bedford that day. I have not contacted the ADA's yet, but my guess is that I will be on call and not needed until after the lunch break for the New Bedford case.

Also, there were no drug lab numbers listed for the Miranda case - would you mind providing them to me so I can look over my notes? Thanks.
